Safety through quality

ORDER INFORMATION

MACH[178] Foundations Product description and licensing

Order information: **MACH**[178] Foundations

MACH[178] Foundations is a collection of documents to support multicore DO-178C (A(M)C 20-193) compliance, particularly when using the **MACH**[178] workflow (for more information on the **MACH**[178] workflow, see the *MACH[178] Foundations Product brief*).

When you buy **MACH**[178] Foundations, you receive:

- Electronic access to the documents included in **MACH**[178] Foundations.

- Training to support your multicore compliance journey using **MACH**[178] Foundations.

Document library

When you buy **MACH**[178] Foundations, you receive electronic access to all documents included in the product. This includes the following:

- Template DO-178C (A(M)C 20-193) planning documents

- Procedures, templates and checklists for key A(M)C 20-193 compliance and verification activities that can be achieved using the **MACH**[178] workflow

- White papers that offer guidance on various aspects of multicore DO-178C (A(M)C 20-193) certification

For more information on the documents included in **MACH**[178] Foundations, see the *MACH[178] Foundations Product brief*.

Licensing

Documents included in **MACH**[178] Foundations are licensed on a perpetual basis for use on the project or program identified in the corresponding license agreement.

Training

When you buy **MACH**[178] Foundations, you're entitled to the following training:

- 5 hours introductory training to help you get started using **MACH**[178] Foundations and to help you understand the **MACH**[178] workflow.

- One seat on Rapita Systems' public multicore DO-178C (A(M)C 20-193) training courses, which are delivered in Europe and the USA.

To arrange delivery of your training, contact training@rapitasystems.com.
